SAFETY DATA SHEET

According to regulation (EU) No. 453/2010

1. Identification of the Preparation
Product: HF-100 Grip Tape Activator
Recommended use—Installation of rubber grips to golf clubs and other sports equipment

2. Composition/Information on ingredients

3. Hazards Identification

Classification and labeling according to Directive 67/548/EEC
Most important hazards: This product contains no substances which at their given concentration, are considered to be hazardous to health

Classification and labeling according to CLP (EC No. 1272/2008)
Classification: This product contains no substances which at their given concentration, are considered to be hazardous to health

Statements of Hazard: not applicable

4. First Aid Measures
Eyes: Safety glasses, will irritate eyes, flush well with water
Skin: None normally needed, low order of toxicity
Inhalation: Use with adequate ventilation

5. Fire Fighting Measures
Suitable Extinguishing Media: Carbon Dioxide, Dry Chemical, foam
Extinguishing media which must not be used for safety reasons: None reasonably foreseeable
Special instructions for protection and hygiene: No hazards to be specifically noted
Special protective equipment for firefighters: None reasonably foreseeable

6. Accidental Release Measures
Refer to sections 7, 8 and 11
Environmental precautions: None
Clean-up: Rinse with soap and water
7. Handling and Storage
Handling precautions: avoid contact with eyes
Storage: Store between 50 and 85°F (10 and 30°C)

8. Exposure Control/ Personal Protection

ACGIH: 100 ppm TWA
OSHA: 100 ppm TWA; 525 mg/m3 TWA
NIOSH: 350 mg/m3 TWA
1800 mg/m3 Ceiling (15 min)

ENGINEERING

CONTROLS:
Provide general ventilation needed to maintain concentration of vapor or mist below applicable exposure limits. Where adequate general ventilation is unavailable, use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below applicable exposure limits.

9. Properties

Vapor Pressure: approx. 1mm Hg @ 68°F
Solubility in water: slight
Evaporation Rate, Ether =l: less than 0.1
PH: 7.6
Appearance: opaque liquid
Odor: mild, pleasant
Flash Point TCC: >145°F

Est. NFPA Code: Health Hazard-1; Fire-1; Reactivity-0; Specific-DNA
Est. HMIS Code: Health Hazard-1; Flammability-1; Reactivity-0

Explosive Limits: (in air- volume) (lower): isoparaffin 0.8% @212°F
(in air- volume) (upper) not available

Extinguishing: Carbon Dioxide, Foam, Dry Chemical
Hazards from fire: Organic vapors
Unusual fire or
Explosion hazards: None
Compressed gases: None
Pressure at RT: DNA

10. Stability and Reactivity

Stability: Stable
Hazardous Polymerization: Will not occur
Hazardous Decomp. Products (non-thermal): None
Incompatibility: None

Spill: Rinse with soap/water solution
Disposal: Incinerate as per EPA and local regulations

11. Toxicological Information

Toxicity:
Component Analysis - LD50/LC50

Heavy alkylate (64741-65-7)
Inhalation LC50 Rat: >5.04 mg/L/4H
Oral LD50 Rat: >7000 mg/kg
Dermal LD50 Rat: >3000 mg/kg
Dermal LD50 Rabbit: >2000 mg/kg

ACUTE EFFECTS: Excessive contact may be irritation to skin, eyes and respiratory tract. High concentrations of vapor or mist may cause nausea, vomiting, headaches, dizziness, loss of coordination, numbness, and other central nervous system effects. May be harmful if swallowed. May cause throat...
irritation, nausea, vomiting, diarrhea and central nervous system effects. Aspiration hazard: breathing product into the lungs during ingestion or vomiting may cause lung injury and possible death. **Repeated dose effects:** Based on best current information, there is no known reproductive toxicity associated with this product. Based on best current information, there is no known teratogenicity associated with this product. Based on best current information, there is no known human sensitization associated with this product. Based on best current information, there is no known mutagenicity associated with this product.

12. Ecological Information
Ecotoxicity: Readily biodegradable, OECD Test Guideline 301E.

13. Disposal Considerations
**DISPOSAL:** Dispose in accordance with federal, state, provincial, and local regulations. Regulations may also apply to empty containers. The responsibility for proper waste disposal lies with the owner of the waste.

14. Transport Information
**DOT (49 CFR 172)**
- Proper Shipping Name: Unrestricted
- Hazard Class or Division: Unrestricted
- Identification Number: None
- IATA: Unrestricted
- Class or Division: Unrestricted
- UN or ID Number: None
- IMO: Not available
- Substance: Not available
- Marine Pollutant Status: Not available
- Class: Not available
- Subsidiary Risk Label: Not available
- IMDG Code Page: Not available
- UN Number: Not available

15. Regulatory Information
This product is classified in accordance with Annex VI to Directive 67/548/EEC
Indication of Danger: None
R-phrases: None
S-phrases: S2- Keep out of reach of children

16. Other Information
The information contained herein is presented in good faith and believed to be accurate as of the effective date shown above. This information is furnished without warranty of any kind. Employers should use this information only as a supplement to other information gathered by them and must make independent determination of suitability and completeness of information from all sources to assure proper use of these materials and the safety and health of employees. Any use of this data and information must be determined by the user to be in accordance with applicable federal, state and local laws and regulations.
